6. The following is an examiner's statement of reasons for allowance:

Art Unit: 2191

The cited prior art taken alone or in combination fail to teach the limitations as recited in independent claims 1 and 13.

The closest cited prior arts; USPGN 2003/0162495 by Yonemoto et al. teaches a method of distribution media data types using SMIL to control processing of corresponding media data types. However, it does not disclose all limitations as recited in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
